A NEIGHBOR YOU CAN ASK

No need to know the right words.

Technology can be overwhelming. Start with what's frustrating you, what's taking too much time, or what you wish worked better.

We can work through it together.

I help individuals and businesses understand what they're using, so they can handle more on their own.

Based in Carson, WA.

LET'S START WITH A CONVERSATION

First hour free.

Tell me what's going on.
We'll fix the little things we can and make a plan for larger work.

WEBSITES & ONLINE SHOPS

A website for what you do.

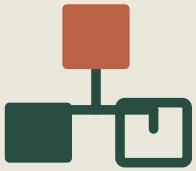

Share your work, grow your business, or give a personal project a home online. Let’s make a website that works for you.

- Personal sites, portfolios & online shops
- Shopify, WordPress & website fixes
- Development & maintenance

Have a site that’s been sitting unfinished? Let’s look at it.

PROTOTYPES & CUSTOM TOOLS

Try the idea. See what works.

Have an idea for something that would make life or work easier? We can make a working version to try together.

- Personal & business projects
- Working prototypes & custom tools
- Improvements to everyday tasks

Start with the task you wish didn’t take so much time.
